YOUR LOGBOOK

Must show every trip you make during the 12 week logbook period.

You must write down:

- The purpose of the journey (such as a description of the business reason, who you visited or whether it was for private purposes)
- start and end date of the journey
- odometer readings at the start and end of the journey
- business and or personal kilometres travelled.

The log book information must be in English and entries must be made and signed for at the time of the trip or as soon as possible afterwards.

Each logbook you keep is valid for 5 years, but you may start a new logbook any time.

If you establish your busines use % using a logbook from an earlier year, you must keep that logbook and maintain odometer readings in the following years.

If you have two or more cars, the logbook for each car must cover the same 12 week period and should be representative of the business use of all cars.
